Nuclear Weapons Inheritance Project
Do you want to inherit nuclear weapons of your fathers' and grandfathers' generation?
Do you feel your contributions to nuclear weapons disarmament make a change?
How can we take part in that process?
What we want to achieve

• Develop informed opinion

• Provide a framework to acquire knowledge

• Empower students to make a change
Basic Ideas

• Peace through health
  • ‘Interventions in a possible violent setting with goals of improving both health and peace!’
    (Mac Masters University)

• Primary Prevention
  • In case of use of Nuclear Weapons, health workers are completely helpless.
  • There is only prevention. No cure!
**Project activities**

**Information**
- Writing articles on the results and experiences of the project
- Developing resources on NW, disarmament, dialogue technique and the project
- Dialogues with university students

**Coordination**
- Facilitation of networks of students interested in disarmament
- Facilitation of strategic planning in student groups
- Evaluation of all activities undertaken by the project
Project activities

**Action**

- Organising street actions
- Enabling students to take part in diplomatic initiatives with decision makers
- Active participation in conferences

**Training**

- Training of trainers on local, regional, international level
- Seminars on NWIP methods and achievements
Organisation and structure

2-3 international coordinators

regional/local groups

regional/local groups

regional/local groups
Cooperation

Board of Trustees

- Advisory board

- people from IPPNW, other organisations with experiences in the field of nuclear weapons policy
How you can help

• 👥 take part in a training/dialogue

• 👥 talk with your parents/friends about the issue e.g. medical effects of nuclear weapons

• 📝 write letters to newspapers and decision makers,
• 📝 write articles, press releases
• ask your friends and family to write, too

• 📱 use social networks like Facebook as a platform to raise people's interest
... more help...

- **organise** Target X, My Cup Of Tea in your city
- **organise** workshops/trainings/seminars at your university

- ✅ ask us for information and help
- 🔄 stay informed, join the NWIP mailing list!!
Communication

- Website
  - Please contribute
- List serv
  - Source of information and communication
  - Please report
- e-mail
  - Individual questions
change happens on the individual level

- We believe in creative solutions
- We believe that students can make a change
- Time is on our side, but it needs patience
